TSHWANE UNIVERSITY OF TECHNOLOGY UNIVERSITY OF JOHANNESBURG

Joint Call for Postdoctoral Research Fellowships 2025–2026

Reap the benefits of conducting research under the joint supervision of experienced researchers from both the Tshwane University of Technology and the University of Johannesburg when you are awarded a competitive 24-month fellowship comprising two phases, starting from 1 February 2025.

- **Phase 1:** Start the first 12 months of research at the **Tshwane University of Technology** or the **University of Johannesburg**
- **Phase 2:** Continue the next 12 months of research at the other Institution

These Postdoctoral Research Fellowships will consider candidates' academic achievements, potential as an independent researcher and the extent to which they meet the requirements of the call. Applicants are advised to identify a suitable research project that aligns with research areas at both institutions, and where possible, secure hosts.

The value of the Fellowship is R250 000.00 per annum (exempt from income tax). Candidates can visit the application form at this [link](#) for further information (such as the requirements of the call) and to indicate their interest.

Deadline: 30 November 2024

For queries, please contact:

- Mr Lucas Shai (shaiLK@tut.ac.za) at TUT
- Ms Lusiwe Gwala (lusiweg@uj.ac.za) at UJ
