Course Dashboard

Welcome to Research Capacity Development

The Research Capacity Development unit focuses on developing postgraduate students, postdoctoral fellows, academics, support staff and emerging researchers by offering training, assistance, and growth opportunities. The Research Capacity Development unit hosts several workshops, seminars, programmes and activities focused on professional development, Global Excellence Stature (GES), Fourth industrial revolution (4IR), Sustainable Development Goals (SDG's) and societal impact. The RCD unit also assists Faculties and Departments with any requests or collaborations beneficial to the postgraduate education.

Make sure you don't miss out and secure your seat to attend, either in person, online or through our hybrid platforms.

For any queries, contact rcdenquiries@uj.ac.za

The RCD team is looking forward to walking with you through your postgraduate and researcher development journey.

About this Community

Since its creation in 2022 the Coursework Masters, Honours, PG DIP & Final year student Community has become a distinct and influential community. In 2023, we included the Master's Coursework students to the community and this saw a significant rise in the number of students enrolled in the community.

- This community was created to:
 - Communicate with the Masters Coursework, Honours, PG Diploma and Final Year Students as a cohort on its own.
- Present suitable and customized workshops for each level

Disclaimer: All events taking place in these venues may be photographed and video recorded for marketing, social media and media purposes. By attending this event, you grant the University of Johannesburg permission to use and publish any recorded material. The University of Johannesburg encourages academic debate and discussion that are conducted in a manner that upholds respectful interaction, safety of all involved, and freedom of association as enshrined in the law, the Constitution, and within the boundaries of the University policies. The views expressed during events are expressed in a personal capacity and do not necessarily reflect the views of the University of Johannesburg
