UJ Ethics Awareness Training Campaign

UJ has identified 'Ethical Foundation' as one of its four values and we are living this value by nurturing and actively promoting an ethos of honesty, transparency, accountability and fairness in the institution.

Because of our commitment, UJ is raising its ethics performance to further promote and celebrate our ethical culture. To give effect to this commitment, the ELG approved an Ethics Implementation Strategy at the end of 2019. Since then, the following actions had been completed:

- **A set of UJ Ethical Values was approved and communicated on various platforms.** These values can be accessed here: https://www.uj.ac.za/about/transformation-unit/ethics-management/

- **The UJ Council approved the UJ Ethics Charter at their meeting on 31 March 2022.** The Ethics Charter is available on the intranet: https://ujac.sharepoint.com/Documents/Forms/AllItems.aspx?id=%2FDocuments%2FUJ%5FEthics%5FCharter%5FPOSTER%5FMarch2022%5FONLINE%2Epdf&parent=%2F-Documents

To further imbed an ethical culture in UJ, the University has purchased an online Ethics Awareness Training programme from The Ethics Institute. The programme is made available to all employees by using the LMS Blackboard. The Blackboard platform also makes access available to full mobile compatibility via smartphone devices.

All UJ employees are required to complete the three ethics awareness modules. Once accessed, the construct of each of the three modules is short videos followed by a short assessment. You will be required to read and acknowledge that you have read the Ethics Charter before proceeding with the programme.
