

Application Deadline
20 November 2024

CALL FOR RESEARCH

3 HOURS ONLINE SEMINAR | 25 NOVEMBER 2024

South Africa Time: 11:00 - 14:00 | UK Time: 09:00 - 12:00

We invite researchers from all universities and departments to share their impactful research focused on societal improvement and sustainable solutions. If your work contributes to enhancing society and environment and also specifically in a developing country context, we want to hear from you. This is an opportunity to showcase your ongoing research and explore potential collaborations.

Event Highlights:

- **Purpose:** Make university research more applicable and implementable in society.
- **Collaboration Opportunity:** We welcome government representatives, potential investors, and industry professionals to listen and engage after the presentations.

Research, Design, Innovation and Entrepreneurship in:

- Health
- Agriculture
- Water
- Transportation
- Water-Energy-Food Nexus
- New models of innovation, business and marketing models; packaging
- Other sustainable research and projects

PARTICIPATION OPTIONS

Presenters: Share your research in 10 minutes, that demonstrates societal impact and applicability to a real issue. [Apply here.](#)

Attendees: Discover available innovations and explore collaboration opportunities with researchers. [Register here.](#)
